8 –Days adventures along the Svartälven River.

The canoe tour starts at Gustavsström and going down thru the nicest part of the river.

The hiking goes along a part of a trail called Silverleden and passing old silvermines along the tour. The biking goes thru a nice area and following the south part of Svartälven on small roads.

The draisine is a trip 7 km south to a little café and an old shop and then back to the start again.

The campsites have a little hut (not to stay in just for shelter if you get bad weather) and toilet and fireplace and space for tents.
